

Crest Clean Natural Stone PRO

CREST
PREMIUM TILE SETTING SOLUTIONS

CREST CLEAN PIEDRAS NATURALES® is a ready-to-use, daily-use cleaner, formulated to effectively cleanse and maintain beauty natural stone. Marble, granite, polished limestone, porcelain, terrazzo, and other medium density coatings susceptible to acids and oily foods that can cause staining. Its formula contains sealer to seal while cleaning, applying a thin layer of sealer with each cleaning. It does not contain acids, therefore it does not damage stone or grouts.

Benefits

- Cleans, seals, protects and beautifies natural stone
- Ideal for marble, granite, terrazzo, quarry, ceramics and porcelain.
- Does not contain acid ideal for medium density tiles.

Suitable Substrates

- Cement-sand based grouts.
- Medium density tiles.
- Marble, granite, terrazzo, quarry, ceramic and porcelain

Product Application

Wear latex gloves to prevent the product from damaging your skin during cleaning.

1) Spray Crest Clean Neutral® directly on the place to be cleaned until it is generously covered, wait 2 to 3 minutes for Crest Clean Neutral® to act on the surface, then rub with a wet sponge or soft white cloth to remove stains and dirt. For stubborn stains, wait several 5 to 8 minutes before drying.

2) If there is a strong concentration of soap scum or mold it may be necessary to scrub carefully with a nylon fiber.

3) Finally rinse the area with clean water and dry the surface with a clean, dry cloth.

Packaging

- 33.8 fl. Oz. (1L) Bottle.

Recommendations

You can use CREST CLEAN PIEDRAS NATURALES® optimally as it cleans and seals stone surfaces such as marble, granite, limestone, porcelain tiles and terrazzo. Safe to use on all stone surfaces.

Surface Preparation

Before preparing the mixture, it is necessary to condition the surface, which must be resistant, firm, without cracks, dry and dimensionally stable (concrete cured 28 days), be perfectly level and clean, free of oil, grease, release agent, efflorescence (sales), dust, paint, wax or any other type of impurity that inhibits adhesion. In installations of one floor on another floor, sweeping and mopping is not enough, it is recommended to use alkaline cleaner such as Crest Clean to leave the surface free of dust and grease.

Active ingredients

Water, 2- (2-butoxyethoxy)ethanol, Sodium cumenesulphonate, perfume and coloring.
